HIGHLIGHTS

STANDARD EQUIPMENT

SMART
Smart Performance features static electronic ballasts that ensure top tanning performance while reducing energy consumption. Resulting in energy savings of up to 25% and increased lamp performance.

FLOATING DOOR SYSTEM
The new Floating Door System on the Sunrise Series makes customer use and maintenance simple with enhanced floating hinges, soft-close technology and one-touch opening capability for entrance.

LED INTERIOR LIGHT
The interior shines brightly with LED lighting for a clean and inviting space that your customers will enjoy.

SMART CONTROL
The Smart Touch Control Panel sets a new standard for stand-up tanning. The sleek glass surface is intuitive and easy to clean. Select a feature and use the Plus and Minus buttons to adjust to your desired settings.

SET-UP MANAGER
The Professional Set-Up Manager makes it easy to adjust the Sunrise to your salon's needs. Preset the default settings for various features including the LED light show, AC temperatures, fan speed and music volume.

SURROUND COOLING PLUS
This new cooling system surrounds the entire body from head to toe in a pleasant flow of cool air throughout the tanning session. Adjustable vents allow you to find the perfect position to maximize your tanning session.

MP3 AUX
With this function your clients can connect their MP3 player or smartphone using an audio cable and enjoy their own music during the tanning session.

STEREO SOUND
The 3D-Sound System will bathe you in a sumptuous sea of sound as you tan. The system consists of two speakers, an SD card slot, and MP3 dock-in.

VOICE GUIDE
Voice Guide supports your customers in selecting and adjusting comfort features during a session in the Sunrise. Voice Guide can be deactivated or activated at any time.

BLUETOOTH CONNECT
Using Bluetooth Connect, your customers can wirelessly transfer music from their smartphone to the Sunrise during a session. It's easy to control and convenient using the Smart Control panel.

PLANET FITNESS
SIGNATURE STYLING

SOLAR WHITE

The new, exclusively designed Sunrise 6200 makes a bold statement and stands out among its peers. Custom designed from the very beginning to meet the specific needs of our valued Planet Fitness partners, this unit is generously equipped with 48x200W UV lamps that are 2 meters tall ensuring total body coverage for all users. The fully branded Sunrise 6200 glows purple and yellow from custom LED illumination with a halo surround. Illuminated panels boldly reinforce the branded design of the floating door system in this unit, completed with a purple glow at the illuminated foot panel.

Finish and design, price and delivery possibilities are subject to change. The maximum output is adapted to the national regulations.
